

Statement of Philosophy and Cooperation for Cooperating Churches/Pastors/Associates

- I. I believe in the local church as God's highest organizational authority among men other than the home, and in the office of the Pastor of God's special provision for leadership in the local church.
- II. I believe in the Fundamental-Separatist position for both personal sanctification and ecclesiastical affiliation.
- III. I believe in a world-wide evangelistic outreach including personal soul winning, home and foreign missions endeavors.
- IV. I believe all truth is God's truth and that the Christian School and Christian College are a means of aiding parents and churches in the training of their children for life.

Because Southeastern Free Will Baptist College is seeking to implement the above in its programs and policies, I pledge my support in prayers, finances, students and general promotion.
